

Drivematic Delight  
For shiny floors. And shiny eyes.

**wetrok**<sup>®</sup>

## Drivematic Delight: Intelligent technology that delights.

Your staff will enjoy the machine's intuitive operation. And you will enjoy faster working efficiency. Drivematic Delight cleans large areas faster and more hygienically. Its compact dimensions and small turning radius ensure highest operating flexibility – even in elevators and checkout areas. The ergonomic seat allows your staff to get going right away – no complicated seat settings required.

### Display: Simply logical.

Ready, steady, go – Drivematic Delight at work. The display on our ride-on machine is completely intuitive and super-easy to operate with very few buttons. In other words: Simply climb on, switch on, and start cleaning.

### Just the right mix: automatic dosage system

Smart and economical – our optional dosage system. This system is not only sophisticated and fully automated. It also saves water and chemicals – day after day. It is plain as day: The dosage system pays for itself. Saves the environment. And it saves money.

### Quick-Refill: Easy to fill water tank

Extra comfortable, ultra-practical – Quick-Refill and the integrated hose coupling will allow you to fill the tank on your Drivematic Delight with a simple garden hose. Once the 70 liter fresh water tank is full, the water supply is stopped automatically.

## Ergonomic: Makes work a breeze

Perfect ergonomics – One of the highlights of our Drivematic Delight. The machine has a low access height, generous legroom, and a comfortable seat, guaranteeing a perfect sitting position for any body height. Comfortable and practical to work with.

## Extremely agile

The very small turning circle makes this ride-on machine super agile and flexible. It can turn and move effortlessly in narrow spaces and corridors.

Narrow passages and wide areas, corridors and cellar spaces with nooks and ramps: Not a problem for Drivematic Delight.

## Inclines: All the way to the top

Ramps, inclines, ascents – Drivematic Delight keeps going where other machines cannot reach. This ride-on machine has enough power to overcome a 12% incline without any loss in its scrub-drying action. It is onwards and upwards we go! And we keep going.

## Brush change at the push of a button

No cumbersome fumbling, no dirty hands: The automatic brush change is not only extra clean, but also super comfortable. The brush housing can be lowered and lifted with the push of a button while you remain sitting in the driver seat. Your pads and brushes are picked up automatically, and are just as quickly ejected after use.

## Drivematic Delight: Amazing highlights.

- Ride-on machine – The efficient helper for large-area cleaning jobs
- Compact dimensions and a tight turning circle – Perfect for elevators and tight corridors
- Extra quiet – Suitable for hospitals and retirement homes
- Sophisticated ergonomics and intuitive display – Easy to read and operate
- Simple tank cleaning – For optimized hygiene

### Silent: cleaning should be seen, not heard

Drivematic Delight comes with suction airflow insulation as standard. And the “Silent Kit” ensures absolute quiet.

This optional extra further reduces the noise emissions from your machine considerably – an important consideration in hospitals and retirement homes.

### Tank cleaning: Quick and hygienic

Value-retention begins with cleanliness – that also applies for your machine fleet. That is why Drivematic Delight comes with a custom service opening, via which the tank can be cleaned quickly and efficiently. Not only your cleaning results are improved: a clean machine will have a much improved service life.

### Dimensions: Can be used virtually anywhere

The compact ride-on machine measures only 85 cm in width, allowing it to fit comfortably in any elevator. Even those hard to reach checkout lanes pose no problem. Drivematic Delight is super agile, which means even the tightest passages can get a perfect clean.
